## Summary

Work-oriented student and musician, looking for short to long-term employment. I have worked in many different venues, from the food industry, to retail, to being a ranch hand, to music, and Audio Video work. I am a quick learner, and adapt well to workplaces with systemic practices. I am a team-player, and find that I get along with everyone whom I work with. Currently postponing my musical education to care for my wife through a medical crisis.
